## BULGARIA AND SERBIA INVASION OF SERBIA IS SEVER RELATIONSHIP NOW IN FULL SWING

### NO FORMAL DECLARATION OF WAR AS YET

German Aviators Drop Bombs as an Act Tantamount to Starting Actual Hostilities

(By Associated Press.)  
NISH, Oct. 8.—The diplomatic rupture between Serbia and Bulgaria is now complete. The Serbian foreign office has handed his passports to the Bulgarian minister. Although there has been no formal declaration of war, the cordial reception at Sofia of the German aviators who dropped bombs on Belgrade and Nish, killing five persons, is regarded as tantamount to the commencement of hostilities against Serbia by Bulgaria.

### SLUICING STARTS ON THE PAMILCO PLACERS

Senator Pittman reports that sluicing started several days ago on the Pamlico placers, which were taken over by himself and S. H. Brady several months ago. The senator leaves Sunday for Reno to meet Secretary McAdoo of the treasury, whom he induced to stop over in Nevada. He will confer with him there and return to Pamlico, where he will oversee the placer operations. The work done there this fall will be largely of an experimental sort, preparatory to undertaking heavy work in the early spring, when the water supply is greater and other conditions more favorable.

### DOUBLE REPORTS OF RIFLES ARE HEARD

INTERESTING PHENOMENON DEVELOPS ON FIRING LINE IN THE ALPS

(By Associated Press.)  
BERLIN, Oct. 8.—One of the curious phenomena connected with the sounds of flying bullets is the apparently double report from the shot of a single gun. This is observed with special frequency by the Austrians fighting in the Alps against the Italians. They were disposed to believe the second report was the echo of the first, but the curious fact remained that the second report was louder than the first. Moreover, the German soldiers fighting in Belgium, where the land lies as level as a table, often heard two reports.

The explanation now put forward is that the flying bullet compacts the air in front of it, and that this produces sound waves which, when they first strike the air, give the effect of an explosion. As the small calibre bullet of the modern rifle flies considerably faster than sound travels, the main report arrives later, and is naturally louder than the first.

### MEETING OF INDUSTRIAL SCHOOL COMMISSIONERS

Governor Boyle left for Elko last evening for the purpose of attending the meeting of the commissioners of the Elko industrial school. The meeting was called at the request of Matthew Kyle to discuss the question of a reduction of the expenses of that institution and also as to the advisability of having installed steel cells and having bars placed at some of the windows.—Carson News.

### CHARLES STONE APPOINTED

The governor yesterday appointed Charles Stone to represent Nevada at the first annual meeting of the Criminal Identification Operators, which is to be held in Oakland on October 9 to 14. Mr. Stone has for several years been identified with the state police, and has made a close study of the Bertillon system of identification.—Carson News.

### MARRIED AT LONDON

(By Associated Press.)  
LONDON, Oct. 8.—Lieut. John H. Towers, U. S. N., naval attaché at the American embassy, and Miss Milla Carstairs, daughter of Charles Carstairs, of Philadelphia, were married here yesterday. The ceremony took place in the Savoy Chapel Royal.

### BULLION SHIPPED BY TONOPAH MINING CO.

The Tonopah Mining Company of Nevada yesterday shipped 27 bars of bullion, valued at \$29,200. This was the product of the mill of the company at Millers for the past eight days.

### PHILADELPHIA WINS FIRST SERIES GAME

Score of Three to One Gives to Quakers Renewed Hope of Final Victory

Philadelphia won the first game of the world series by the decisive score of 3 to 1. It was one of the most intensely interesting and most exciting games ever played at the opening of the tournament each year. The betting for the series was, and still is, in favor of the Boston Red Sox, but there were so many who had absolute confidence in the superb Alexander as a moundman and Burns as a general behind the bat, that the odds were even of the opening game. In Tonopah returns were received at the Tonopah Club and Bank saloons and large throngs surrounded the bulletin boards and cheered the teams as each sent a man over the home plate. Money changed hands freely. The result of the first game will doubtless stimulate interest in the remaining contests of the series.

Following is the score by innings:

	1	2	3	4	5	6	7	8	9	R	H	E
Red Sox	0	0	0	0	0	0	0	1	0	1	8	1
Philadelphia	0	0	1	0	0	0	2	x	3	5	1	

The battery for Boston was Shore and Cody. Alexander and Burns officiated for Philadelphia. Klein and Rigger umpired for the Nationals and O'Laughlin and Evans for the Americans. The first run was scored by Paskert for Philadelphia in the fourth. The other runs were made in the eighth, one by Boston and two by Philadelphia.

(By Associated Press.)  
PHILADELPHIA, Oct. 8.—The Philadelphia Nationals won the opening game of the world's series, defeating the Boston Americans by a score of 3 to 1. Despite the fact that Boston out-hit Philadelphia, errors and lack of playing judgment at critical moments gave the contest to the National league pennant winners. Neither Alexander nor Shore pitched sensational ball, but excellent defensive work at their back kept the score down. Paskert's running catch in center field of Gardner's drive in the eighth shut out a Boston rally, and was the deciding feature of the day. The ground was soggy from a night rain. The weather this morning was threatening, but afterward cleared. The crowd packed every available vantage point.

### GERMANY FORCES ITS ALLY INTO STRUGGLE

PROCLAIMS IT WOULD BE "SUICIDAL" FOR COUNTRY TO REMAIN NEUTRAL

(By Associated Press.)  
BERLIN, Oct. 8.—Bulgaria's intention to enter the war on the side of the central powers is proclaimed in a manifesto, according to the Overseas news agency. The manifesto states that it would be suicidal for Bulgaria not to align herself with Germany.

### WILSON AND FIANCEE LEAVE FOR NEW YORK

WILL WITNESS WORLD SERIES TOMORROW AFTERNOON AT PHILADELPHIA

(By Associated Press.)  
WASHINGTON, Oct. 8.—President Wilson, accompanied by his fiancée, Mrs. Norman Galt, and members of his family, left this morning for New York. They will be entertained by Col. E. M. House, who will give a theater party in honor of the engagement. They will go to Philadelphia tomorrow to witness the world's series baseball game.

### SANTUCCI, THE GUNMAN, IS STILL AT LARGE

Sheriff Charles Slavin returned during the night from Manhattan, where he had been searching for two days for Santucci, the bartender who shot McFarland and Chase. Deputy Sheriff M. J. Kelly and the township officers there are continuing the search. As it is a difficult matter to make a getaway from Manhattan, it is believed that the gunman is still in the vicinity and is being shielded by his friends.

Dr. McLeod is hopeful over the condition of both the wounded men, believing that, unless complications set in, this is their last day of grave danger.

### TEMPERATURE REPORT

Highest temperature yesterday, 78; a year ago, 64.  
Lowest temperature last night, 56; a year ago, 45.

### TODAY AND A YEAR AGO

	1915	1914
Official readings of the thermometer by the United States observer at Tonopah:		
5 a. m.	59	47
9 a. m.	68	46
12 noon	74	54
2 p. m.	75	56
Relative humidity at 2 p. m.		
today, 13 per cent.		

### VON MACKINSON IN COMMAND OF TEUTONS

First Objective Point Railway Line --Balkan Situation Bringing Out New Developments

(By Associated Press.)  
LONDON, Oct. 8.—The new Teutonic invasion of Serbia is now in full swing. General von Mackensen is commanding the Germans and Austrians, who are endeavoring to push their way southward, with the object of seizing the trunk railway from Belgrade to both Salonika and Constantinople. The Balkan situation is bringing forth developments almost hourly. Bulgarian authorities have taken over the railroad from the Bulgarian seaport of Dedagatch and Mustapha Pasha, 40 miles of which runs through Turkish territory. It is unofficially reported that Greece will proclaim an attitude of "benevolent neutrality" toward the entente allies.

### DEVELOPMENTS IN THE TONOPAH EXTENSION, VICTOR AND MERGER MINES ENCOURAGING

In the Victor mine the crosscut is out 800 feet from the shaft and is being run in the direction of the Murray vein. It will be encountered in about 300 feet more. Almost any day work will be started in drifts on the North Merger vein, which was cut in the bottom level of the Victor. This is a huge vein, carrying at the point of contact several feet of commercial ore.

At the Tonopah Extension mill the work of installation of the new Dorr thickener is in progress. This will add 50 per cent to the thickening capacity of the plant. Manager Kirchen has nothing to give out at present relative to the proposed addition of ten stamps to the equipment of the Extension mill.

Very encouraging work, both in development and ore extraction, is now in progress in the Merger acreage of the Extension estate.

Exploration westward on the 1260 and 1350 levels of the Extension from the new shaft are in progress without locating the termination of the lens. Two raises are being put up from the 1350 to the 1260 level in an excellent grade of ore. Conditions in the No. 1 shaft are unchanged.

### BALTIMORE AND OHIO EXPRESS IS HELD UP

(By Associated Press.)  
WHEELING, W. Va., Oct. 8.—Two masked men held up the Baltimore and Ohio express train from New York to St. Louis, near Central, W. Va. They robbed the registered mail, but the passengers were undisturbed. It is rumored that they overlooked \$2,000, 900 in gold in the express car.

### CLARKSBURG, W. Va., Oct. 8.—The county officials here were informed that express robbers secured half a million dollars in unsigned bank notes being sent from Washington to middle west banks.

### GERMANY HAS LODGED A PROTEST IN ATHENS

(By Associated Press.)  
BERLIN, Oct. 8.—Germany has lodged a protest in Athens against the landing of troops on Greek territory by the entente powers, the Overseas news agency has announced. No reply has yet been received from the Greek government.

### AURORA IS BOOMING SAYS ROY STODDARD

Attorney Roy W. Stoddard has returned from a business trip to Aurora and reports that camp to be "booming." The Aurora Consolidated mine and mill are running full blast and employing over 100 men, according to Mr. Stoddard. He says the town is one of the most modern in the state, with a fine electric light system and sanitary conditions perfect.—Gazette.

### A LAND OF SUNSHINE

There are cerulean skies elsewhere, but Observer Legier of the local weather bureau station finds it unusual to have ten days pass, as they have just passed in Tonopah, without being able to observe a single cloud the size of a man's hand.

### RETURNS AT BANK

Every half inning as the world's series baseball games are played the results are flashed by direct wire to the Bank saloon and bulletins are posted. Inquirers supplied by phone.—Orid.

### MICHAEL HOGAN DEAD

Michael J. Hogan, formerly employed in this city as a blacksmith, died last Saturday in San Francisco. He is survived by a son, Edward, and four daughters, Julia, Katherine and Bessie Hogan.—Enterprise.

### NEGRO HANGED FOR MURDER OF WOMAN

(By Associated Press.)  
SACRAMENTO, Oct. 8.—Burr Harris, a negro, was hanged today at Folsom for the murder of Mrs. Rebecca Gay at Los Angeles.

### PLEASED WITH THE MINING OUTLOOK

ORE PURCHASING COMPANY OFFICIAL SAYS INDUSTRY IS IN GOOD SHAPE

After business visits to Salt Lake City and San Francisco, Frank M. Manson, a director of the Goldfield Consolidated Mines company and general manager of the Western Ore Purchasing company, is a visitor to camp from his headquarters in Reno. He arrived this morning and will spend a few days here on business connected with the local plant of the ore purchasing company, says the Tribune.

"The mining industry in Nevada is at present in better shape than it has been for several years and its future outlook is more than pleasing to me. I base my statement upon the volume of business being transacted by the ore purchasing company, which at all times furnishes an excellent index of prevailing conditions.

"Although I have been particularly busy of late at my office in Reno and in making business visits to the coast and Salt Lake City, and in consequence have not visited personally any of the various districts for several weeks, I have kept in touch with conditions through reports received, which have on the whole been very favorable. I have just received a telegram from Lovelock in Humboldt county stating that the Rochester Mines company at Rochester has revealed the main vein in its main tunnel, the disclosure exposing a commercial grade of ore. To reach the objective point the tunnel was extended into Nenzel mountain approximately 1000 feet."

### VISITS OLD STAMPING GROUND

James L. Butler, the discoverer of Tonopah, was an arrival by auto yesterday from his Inyo county ranch. He will spend several days here shaking hands with his old time friends. Jim is growing younger every year and his stock of good stories, particularly reminiscences, is steadily increasing.

### JOHN L. SULLIVAN BUYS DIAMOND BELT BACK

(By Associated Press.)  
CHICAGO, Oct. 8.—The famous championship diamond belt presented to John L. Sullivan by admirers in 1887, and later left by him in Chicago as security for a \$4000 loan, is again in the possession of the veteran heavyweight pugilist, it became known today.

### COLLIER LOST

(By Associated Press.)  
HALIFAX, N. S., Oct. 8.—Hope for the overdue collier Eastington, which was caught in the gales last week while on a trip from Sydney, N. S., to St. John, N. B., was virtually abandoned today, as no word has been received from her.

Great is the man who knows not his own greatness.

### BAD CASUALTY SHOWING ON BRITISH RAILROADS

(By Associated Press.)  
LONDON, Oct. 8.—The Board of Trade figures for a year, not including the most recent railway disaster in which nearly 300 persons lost their lives, show that on the 23,700 miles of railway in the United Kingdom during the year covered by the report, 125 passengers were killed while 2440 were injured. Of railway employees 425 were killed in this period and 5065 injured. This is a vastly worse showing than ever before, a fact due perhaps to the changes in servants and schedules owing to the war.

### YOUNG AMERICAN PRISONER MENTALLY UNBALANCED

(By Associated Press.)  
NEW YORK, Oct. 8.—Kenneth Triest, a Princeton student who disappeared in January, is a prisoner in London, accused of espionage, according to state department advices. His father was of German birth, but a naturalized citizen of the United States. The father is said to have presented to Secretary Lansing the testimony of acquaintances of his son to show that the boy was mentally unbalanced.

### DUTCH STEAMER SUNK

(By Associated Press.)  
LONDON, Oct. 8.—The Dutch steamer Texelstroom has been sunk. According to present advices there were 20 survivors. The Texelstroom was launched last year and was of 1601 tons gross.

### STEAMER FOUNDERS

(By Associated Press.)  
LONDON, Oct. 8.—Lloyd's announces that the steamer Novo Casarian, of Newcastle, has foundered. The members of the crew, three of whom were injured, were landed.
